Updated 10.28.26

The Integrated Plan

A community-developed, five-year roadmap for strengthening behavioral health in Teton County, Wyoming.

35	25	6	24
individuals at the table	local organizations	priority areas	interconnected strategies

Participants included service providers, nonprofit partners, public agencies, and community members with lived experience. Strategies span prevention, intervention, treatment, and recovery.

Teton Behavioral Health Alliance

Six Priorities

1 Availability of Affordable Care

Affordable services for all who live or work here

2 Navigation and Care Coordination

The right services at the right time

3 Crisis Response and Post-Crisis Care

Coordinated support before, during, and after crises

4 Youth-Focused Services

Meeting the needs of children, youth, and families

5 Provider Capacity and Wellbeing

Supporting and sustaining the workforce

6 Community Education and Engagement

Reducing stigma and raising awareness of resources

Teton Behavioral Health Alliance

A New Funding Approach

BEFORE

Behavioral Health Catalyst Grants: organizations proposed their own projects.

NOW

Strategy-based RFPs: the Alliance funds organizations selected to lead the implementation of specific strategies.

WHY THE CHANGE

- Align resources around shared priorities
- Support system-level impact
- Reduce duplication and fragmentation
- Encourage collaboration
- Build a more connected system

This is an expansion of investment, not a reduction in commitment.

Catalyst Grants continue for Housing Solutions and Education & Families.

Teton Behavioral Health Alliance
