**About the Community Foundation of Jackson Hole:** The Community Foundation of Jackson Hole improves lives through philanthropic leadership. For over 30 years, the Community Foundation of Jackson Hole has leveraged local philanthropy to make nonprofits more effective and our community stronger. Addressing critical community needs, the Foundation administers various grant programs and supports organizations based on impact and capacity. The Community Foundation of Jackson Hole manages over \$100 million in assets and our annual event, Old Bill's Fun Run, has raised over \$228 million for local nonprofits. Since inception, donors have relied on the Foundation's experienced staff to assist with their current and planned giving. We provide insight about community needs, due diligence, and simplified administration. Funds at the Community Foundation are carefully guarded, prudently invested, and wisely used.

5. **Share Photos:** Share images, media coverage, and publications about programs and initiatives that our grants fund.
